

Question/Response																			
My favorite thing about the Branch	connections to well informed educated women	friendliness	the members and the interest in women's causes	great women and great causes.	book club, outings, Tech Trek		book group	new friendships	speakers	the people	tech trek, film group	the people	the people	the meetings	programs and people	Tues evening book group, tech trek	the assoc with other forward thinking women	tech trek	seeing friends and chatting
An area I would like to see improvement in is	board meetings with reports from all interest groups. Minutes distributed				social activities associated with community	more diversity and friendship		more discussion groups on politics, social issues	communications	Fresh Blood		new approaches to old things		more diverse	great as is				having sat a.m. meetings
I would like the Branch to offer	amplified speakers		a daytime book club		women's support group			"great decisions"	social concerns			something different for the holiday party; it's very dull, but the food and friends are great.		international integration with AAUW mission		financial literacy program, similar to tech trek		more special interest groups	
My favorite thing about the Branch	friends	friendships and purpose of AAUW	evening literature group	AAUWs commitment to education and political stands.	friends w/ education	opportunities to know many interesting women	networking, interest groups, & ability to be and stay vibrant	the members	commitment of members										
An area I would like to see improvement in is	recruitment	emphasis on professional issues of gender equality			programs		involving more members for board and volunteer positions instead of recycling the same people	membership	fundraise for more than tech trek										
I would like the Branch to offer	publicity for EF & NCCL programs	more daytime meetings					some evening meetings aside from Tech Trek and Girls in Gear with interesting topics. We had Tuesday evening meetings for many years that were well attended.		more advertising in the community										

Extra comment -- use of a microphone during meetings would be very helpful!!
